

GALVANIZED WIRE MESH

Wire Mesh from Duro Dyne is ideal for protecting your ductwork from rodents, animals and large debris. The Welded Galvanized version that Duro Dyne offers features a highly resistant coating that resists rust and the mesh is bonded together at the joints creating a strong rigid material.

It is also a versatile product that can be used in many commercial, residential, and industrial applications. Welded Galvanized Wire Mesh from Duro Dyne is offered in 1/2" mesh in 16 and 19 gauge; it is also offered in 1/4" mesh in 23 gauge.

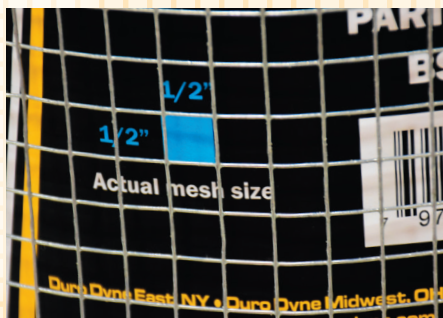

FEATURES:

- Rust Resistant Coating
- Welded Galvanized for a strong rigid material
- Bonded Joints to ensure strength

STANDARD SIZES:

- 1/2" mesh in 16 and 19 gauge
- 1/4" mesh in 23 gauge.
- Rolls are available in 48in & 60in wide
